ABOUT

TWIN

**The World Innovation Network (TWIN)
is a ‘network of networks’ for on-going
collaboration across sectors and geographies.**

Founded in 2003, TWIN promotes trust and innovation-led growth for our corporate, non-profit and government members, and value for society-at-large.

Through our pillars—**Community, Discovery, Synchronicity, Impact**—we enable our network from over 25 countries to advance their missions and our shared global prosperity agenda.
